### Pornography

---

- Approximately 40 million people in the United States are sexually involved with the Internet Exposing Porn: Science, Religion, and the New Addiction, Paul Strand. Christian Broadcasting Network, 2004.
- One in five children ages 10–17 have received a sexual solicitation over the Internet The Web's Dark Secret. Newsweek, 19 March, 2001.
- Three million of the visitors to adult websites in September 2000 were age 17 or younger NetValue Report on Minors Online. Business Wire, 19 December, 2000.
- One in four children who use the Internet are exposed to unwanted sexual material Your Children & Pornography: A guide for Parents, Tom Buford. Tommera Press, 2001.
- 2.5 billion emails per day are pornographic Pornography Statistics 2003. Family Safe Media. [www.familysafemedia.com](http://www.familysafemedia.com), 2003.
- 25 percent of all search engine requests are pornography related Internet Pornography Statistics: 2003, David C. Bissette, Psy.D. [www.healthyind.com](http://www.healthyind.com), 2004.
- Sex sites on the Web generate at least \$1 billion per year in revenue Wall Street Meets Pornography. New York Times, 23 October, 2000.
- 72 million Internet users visit pornography web sites per year Pornography Statistics 2003. Internet Filter Review. [www.internetfilterreview.com](http://www.internetfilterreview.com), 2003.
- 94 percent of Americans believe a ban on Internet pornography should be legal Statistics on Internet Pornography. [www.levelbest.com](http://www.levelbest.com).
- 79 percent of Americans say the government should do something about the potential for dangerous strangers to make contact with children Survey Shows Widespread Enthusiasm for High Technology. NPR Online. <http://www.npr.org/programs/specials/poll/technology/>, 1999.
- One in 17 children ages 10–17 were threatened or harassed over the Internet in 2000 Report Statistical Highlights. National Center for Missing & Exploited Children, Crimes Against Children, Office of Juvenile Justice and Delinquency Prevention, 2000.
- Nearly 1.4 million Americans are stalked online each year (4 out of 5 are women) Stalkers Online, Andrea Rock. Ladies' Home Journal, March 2000.
- Sex is the number 1 topic searched on the Internet Overdosing on Porn, Rebecca Hagelin. [www.worldandi.com](http://www.worldandi.com), March, 2004.
- Americans spend \$10 billion per year on pornography Overdosing on Porn, Rebecca Hagelin. [www.worldandi.com](http://www.worldandi.com), March, 2004.
- There are 800 million rentals each year of adult videos and DVDs Overdosing on Porn, Rebecca Hagelin. [www.worldandi.com](http://www.worldandi.com), March, 2004.
- 11,000 adult movies are produced each year Overdosing on Porn, Rebecca Hagelin. [www.worldandi.com](http://www.worldandi.com), March, 2004.
- "For the 20-year-old kid, porn stars have kind of replaced what models used to represent." How One Man Unleashed the Porn Plague, Andy Butcher. Charisma Magazine, November 2003.
- The Adult Industry Medical Health Care Foundation, a health-care clinic for porn workers, carries

## Statistics

- out 600 AIDS and STD tests per month
- How One man Unleashed the porn Plague, Andy Butcher. Charisma Magazine, November 2003.
- 34 percent of churchgoing women said they have intentionally visited porn websites online
- Internet porn a guy thing? Not really, online rating service says, Mark O'Keefe. The Charlotte Observer.
- Less than 10% of sexual solicitations and only 3% of unwanted exposure on the Internet were reported to authorities
- Online Victimization: A Report on the Nation's Youth. National Center for Missing & Exploited Children, Crimes Against Children, Office of Juvenile Justice and Delinquency Prevention, 2000.
- More than 30% of 1,500 surveyed companies have terminated employees for inappropriate use of the Internet, while only 37.5% of companies use filtering software
- Websense Incorporated and The Center for Internet Studies, 2000.
- 39 million homes receive the adult channels in scrambled form, while the number of children with potential exposure to such images is about 29 million
- Court looks at adult channel 'bleed,' Michael Kirkland. UPF Financial Wire, 30 November, 1999.
- Cable companies brought in revenue of \$177 million from sexually explicit pay-per-view programming
- No Big Surge in Sex Programs is Expected From Cable Ruling, Jim Rutenberg. The New York Times, 24 May, 2000.
- 70 percent of sexual advances over the Internet happened while youngsters were on a home computer
- One in Five Kids Has Been Propositioned for Cybersex. Legal Facts. Vol. 2, No. 3, 2000.
- 21 percent of teens say they have looked at something on the Internet that they wouldn't want their parents to know
- A World of Their Own. Newsweek, 8 May 2000.
- Out of 81 pastors surveyed (74 males 7 female), 98% were exposed to porn; 43% intentionally accessed a sexually explicit website
- National Coalition survey of pastors. Seattle. April 2000.
- Porn site architects were among the first to perfect full-streaming video and audio on the Web and among the first to persuade apprehensive consumers to divulge credit card numbers to someone unknown to them on the Internet, which developed e-commerce
- The Architects of Porn. VARBusiness, 28 April 2000.
- A survey of 600 households conducted by the National Center for Missing & Exploited Children found that 20% of parents do not know any of their children's Internet passwords, instant messaging nicknames or email addresses.
- Ads target online victimization of children. USA Today, 20 May 2004.
- Only 5% of parents recognized the acronym POS (parent over shoulder) and only 1% could identify WTGP (want to go private?), both of which are used frequently by teens when instant messaging
- Ads target online victimization of children. USA Today, 20 May 2004.
- "82 percent of adult Americans surveyed in March 2004 said that the Federal laws against Internet obscenity should be vigorously enforced."
- Americans STILL want federal obscenity laws enforced! The Morality in Media Newsletter, June, 2004.
- 38 percent of adults believe it is 'morally acceptable' to look at pictures of nudity or explicit sexual behavior
- Morality Continues to Decay. Barna Research Group, 3 November, 2003.
- 59 percent of adults believe it is 'morally acceptable' to have sexual thoughts or fantasies
- Morality Continues to Decay. Barna Research Group, 3 November, 2003.
- 38 percent of adults believe there is nothing wrong with pornography use
- Morality Continues to Decay. Barna Research Group, 3 November, 2003.
- Condom use in the adult-film industry rose from 17% to 23% after an outbreak of HIV in March 2004; the percentage has since declined again to 17.5%
- Sex-Film Industry Threatened With Condom Requirement, Nick Madigan. The New York Times, 24 August, 2004.
- At least 20,000 American adults visit Internet sex sites at least 11 hours per week
- Victims of Pornography Month Should Not Exist, Jan Larue. Christian Counseling Today, 2003 Vol.

## Statistics

- 11 No. 3.
- 42 percent of surveyed adults indicated that their partner's use of pornography made them feel insecure  
Marriage Related Research, Mark A. Yarhouse, Psy.D. Christian Counseling Today, 2004 Vol. 12 No. 1.
- 41 percent of surveyed adults admitted they felt less attractive due to their partner's pornography use  
Marriage Related Research, Mark A. Yarhouse, Psy.D. Christian Counseling Today, 2004 Vol. 12 No. 1.
- 30 percent of surveyed adults said their partner's use of pornography made them feel more like a sexual object  
Marriage Related Research, Mark A. Yarhouse, Psy.D. Christian Counseling Today, 2004 Vol. 12 No. 1.
- "A wave of confessionals and self-help guides written by current or former stars of pornographic films is flooding bookstores this year, accompanied by erotic novels, racy sexual-instruction guides, histories of sexual particulars and photographic treatments of the world of pornography." Sex, Sex, Sex: Up Front in Bookstores Near You, Edward Wyatt. The New York Times, 24 August, 2004.
- More than 75% of people at work have accidentally visited a pornographic website, and 15% have visited such sites more than 10 times  
Fifty Percent of Workers Spend Nine days a Year on Personal Surfing at Work. Cerberian Inc. and SonicWALL, 20 July 2004.
- 63 percent of employees are concerned about the ease of access to objectionable content at work  
Fifty Percent of Workers Spend Nine days a Year on Personal Surfing at Work. Cerberian Inc. and SonicWALL, 20 July 2004.
- The most common ways people have accidentally reached pornographic content on the Web are pop-up windows (55%), misrepresented links (52%), misspelled URLs (48%) and auto links within emails (23%)  
Fifty Percent of Workers Spend Nine days a Year on Personal Surfing at Work. Cerberian Inc. and SonicWALL, 20 July 2004.
- For every 10 men in church, 5 are struggling with pornography  
The Call to Biblical Manhood. Man in the Mirror, 6 July, 2004.
- While 77% of surveyed people said they thought their computers were well-protected, 4 out of 5 had spyware or adware programs running on their computers  
Home PCs not so safe? CNN Money, 25 October, 2004.

- 15 percent of online porn habitués develop sexual behavior that disrupts their lives  
The Porn Factor, Pamela Paul. [www.time.com](http://www.time.com). 19 January, 2004.
- The more pornography men watch, the more likely they are to describe women in sexualized terms and categorize women in traditional gender roles  
The Porn Factor, Pamela Paul. [www.time.com](http://www.time.com). 19 January, 2004.
- Incidents of child sexual exploitation have risen from 4,573 in 1998 to 112,083 in 2004, according to the National Center for Missing & Exploited Children  
Reports of child exploitation up. USA Today Snapshots, 17 February, 2005.

## Teens and Sex

- 49 percent of teens said their parents influenced their decisions about sex most strongly  
Abstinence Until Marriage: The Best Message for Teens, Bridget E. Maher. Family Research Council, 7 September 2004.
- 42 percent of guys and 33% of girls ages 15-17 have had intercourse  
Let's Talk About Sex, Melissa Daly. Seventeen Magazine, July 2003.
- Median age for the first use of pornography: boys: 11-13 girls: 12-14  
Your Children & Pornography: A guide for Parents, Tom Buford. Tommera Press, 2001.
- An estimated 18% of girls who are 15 years old will have a baby before age 20  
The Percentage of Teens Having Sex Continues to Decline, Amber Moore. [www.childtrends.org](http://www.childtrends.org), 24 November, 2003.

## Statistics

- The United States' birth rate among teens is the highest compared to France, Canada, Japan and Great Britain

What is the Story on Teen Sexuality?, Andrea Pennington, M.D. <http://health.discovery.com>.

- In 2002, it was estimated that 3.2 million teens under the age of 15 were living with HIV/AIDS, Sex & Teens. [www.avert.org](http://www.avert.org).
  - 85 percent of the 1 million teen pregnancies per year in the United States are unplanned Statistics on Teen Pregnancies. [www.pregnacny-info.net](http://www.pregnacny-info.net).
  - In grades 7–12, 23.4% of first sexual relationships are one-night stands
- Study: Teens who hurry love less likely to use birth control, Karen S. Peterson. USA Today.
- 33 percent of guys and 23% of girls feel some or a lot of pressure to have sex
- Let's Talk About Sex, Melissa Daly. Seventeen Magazine, July 2003.
- Women ages 20–24 obtain 32% of all abortions
- Who Has Abortions? Focus on the Family. <http://www.family.org/pregnancy/articles/a0030225.cfm> – 22.1KB
- 82 percent of teens did not use birth control pills during last sexual intercourse
- US Teens' Sexual Behavior Statistics. Focus on the Family.  
<http://www.family.org/cforum/fosi/abstinence/facts/a0027048.cfm>, 24 July, 2003.
- Approximately 19 million new cases of STDs occurred in 2000, of which 9.1 million (48%) were among young people ages 15–24
- Sexually Transmitted Diseases Among American Youth: Incidence and Prevalence Estimates, 2000, Hillard Weinstock, Stuart Berman and Willard Cates, Jr. Allen Guttmacher Institute, 2004.
- 45 percent of teens do not use protection regularly
- Charlotte Observer, April 2004.
- 68 percent of teens are unconcerned about STDs
- Charlotte Observer, April 2004.
- 21 percent of ninth-graders have slept with four or more partners
- The Secret Sex Lives of Kids, Lisa Collier Cool. Ladies' Home Journal, 2001.
- One in twelve children are no longer a virgin by his/her 13th birthday
- The Secret Sex Lives of Kids, Lisa Collier Cool. Ladies' Home Journal, 2001.
- 78 percent of new cases of genital herpes were caused by a virus found chiefly in the mouths of 16–21 year olds
- Oral Sex: A dangerous Teen Trend, Caroline Stanley. Ladies' Home Journal, 2004.
- 55 percent of teens ages 13–19 admitted to engaging in oral sex
- Seventeen Magazine, 2001.
- 88 percent of teens ages 12–19 say it would be easier to postpone sexual activity if able to have more open, honest conversations with parents
- National Campaign to Prevent Teen Pregnancy, September 2003.
- Each year, one in ten girls under the ages of 20 – one million per year – becomes pregnant; 40% of these pregnancies will end in abortion
- Stop Worrying, Start Talking. Better Homes and Gardens, 2003.
- 65 percent of all sexually transmitted infections contracted by Americans in one single year will occur in people under age 24
- Centers for Disease Control and Prevention, 2001.
- One out of every two sexually active young people can expect to become infected with a STD by age 25
- Sexually transmitted infection rates soar among youth, Cheryl Wetzstein. The Washington Times, 1–7 March, 2004.
- Half of the 18.9 million new STD cases in 2000 were among youths ages 15–24
- Sexually transmitted infection rates soar among youth, Cheryl Wetzstein. The Washington Times, 1–7 March, 2004.
- Two-thirds of U.S. teenagers who have had sexual relations wish they had waited longer
- Teens want to wait for sex, Joyce Howard Price. The Washington Times, December 2003.
- 28 percent of teens say they have become more opposed to early sex
- Teens want to wait for sex, Joyce Howard Price. The Washington Times, December 2003.
- 84 percent of teens say pregnancy-prevention programs should teach young people to be married before they have a child
- Teens want to wait for sex, Joyce Howard Price. The Washington Times, December 2003.

## Statistics

- 26 percent of teens think it is embarrassing to admit they are virgins  
Teens want to wait for sex, Joyce Howard Price. The Washington Times, December 2003.
- “The generation we are looking at right now has never known a time of innocence.”  
How One man Unleashed the porn Plague, Andy Butcher. Charisma Magazine, November 2003.
- Every day, 8,000 teenagers become infected by a STD  
Sexually Active Teenagers Are More Likely to Be Depressed and to Attempt Suicide, Robert Rector, Kirk Johnson and Lauren Noyes. The Heritage Foundation, 3 June, 2003.
- Sexually active girls are more than three times more likely to be depressed than are girls who are not sexually active; sexually active boys are more than twice as likely to be depressed as are those who are not sexually active  
Sexually Active Teenagers Are More Likely to Be Depressed and to Attempt Suicide, Robert Rector, Kirk Johnson and Lauren Noyes. The Heritage Foundation, 3 June, 2003.
- Sexually active girls are nearly three times more likely to attempt suicide than are girls who are not sexually active; sexually boys are eight times more likely to attempt suicide than are boys who are not sexually active  
Sexually Active Teenagers Are More Likely to Be Depressed and to Attempt Suicide, Robert Rector, Kirk Johnson and Lauren Noyes. The Heritage Foundation, 3 June, 2003.
- 53 percent of adolescent males have been masturbated, 49% have received oral sex, 39% have given oral sex and 11% have had anal sex  
Teen ‘virgins’ are having sex in many ways, Karen Peterson. USA Today, 19 December, 2000.
- A recent study from the U.S. Centers for Disease Control and Prevention stated “data on 12,000 U.S. teens found that those who pledge virginity until marriage got sexually transmitted diseases at the same rate as teens who did not.”  
Abstinence-only support varies widely among states, Steve Sternberg & Anthony DeBarros. USA Today, 23 June, 2004.
- 91 percent of teens ages 15–17 that have not had sex said they were influenced by what their parents have taught them about sex  
Virginity and The First Time. The Kaiser Family Foundation, October, 2003.
- 85 percent of teens ages 15–17 who have had sex said their decision was influenced by curiosity  
Virginity and The First Time. The Kaiser Family Foundation, October, 2003.
- Over 50% of teens ages 15–17 believed they would marry their first sexual partner  
Virginity and The First Time. The Kaiser Family Foundation, October, 2003.
- The median age for first intercourse is 16.5 years old  
Teens, Sex, & the Media. Media Scope. 2001.
- 42 percent of high school students admitted to having sex without a condom  
Teens, Sex, & the Media. Media Scope. 2001.
- One in 25 young Americans are infected with chlamydia, which is thought to be the most prevalent bacterial STD in the USA  
Chlamydia infection prevalent among unsuspecting young Americas, Rita Rubin. USA Today, 12 May, 2004.
- There is a tight connection between teen girls’ sexual behavior and dating older boys  
Study finds older boys are bad influence.  
<http://www.cnn.com/2004/HEALTH/08/19/sex.drugs.boys.reut/index.html>. 19 August 2004.
- 57 percent of teens ages 13–17 see sex outside of marriage as morally acceptable  
Teens’ Marriage Views Reflect Changing Norms, Linda Lyons. The Gallup Organization, 18 November 2003.
- 42 percent of teens ages 13–17 see having a baby outside of marriage as morally acceptable  
Teens’ Marriage Views Reflect Changing Norms, Linda Lyons. The Gallup Organization, 18 November 2003.
- 65 percent of young people have sex before they finish high school  
Teens’ Marriage Views Reflect Changing Norms, Linda Lyons. The Gallup Organization, 18 November 2003.
- 54 percent of young men ages 18 to 24 use instant messaging to communicate  
Survey: Young Men would do without video games before TV, Michael McCarthy & Dan Goodman. USA Today, 26 July, 2004.

## Statistics

- Most strongly religious students tend to hold conservative views on sex, abortion, gay rights and drugs  
Spiritual students mostly lean right, Mary Beth Marklein. USA Today, 28 July, 2004.
- Over 40 percent of 15-year-olds are sexually active  
Experts in Sex Field Say Conservatives Interfere With Health and Research, Mireya Navarro. The New York Times, 11 July, 2004.
- A new Johns Hopkins University study found that teenage African-American girls with an actively involved parent are less likely to contract a sexually transmitted disease; the study also found communication alone is not enough – parents need to be specific about boundaries on sexual behaviors.  
Parental Involvement Key, Study Says, Steve Jordahl. Family News In Focus, 12 July 2004.
- There are over 1,000 abstinence-until-marriage programs around the United States and 1/3 of public middle and high schools say that abstinence is ‘the main message in their sex education.’  
Abstinence Until Marriage: The Best Message for Teens, Bridget E. Maher. Family Research Council, 7 September 2004.
- 93 percent of teenagers believe that teens should be given a strong message from society to abstain from sex until at least after high school  
Abstinence Until Marriage: The Best Message for Teens, Bridget E. Maher. Family Research Council, 7 September 2004.
- The highest unwed birthrates are among those age 20–24  
Abstinence Until Marriage: The Best Message for Teens, Bridget E. Maher. Family Research Council, 7 September 2004.
- Teen childbearing costs U.S. taxpayers an estimated \$7 billion per year in social services and lost tax revenue due to government dependency  
Abstinence Until Marriage: The Best Message for Teens, Bridget E. Maher. Family Research Council, 7 September 2004.
  
- According to the Centers for Disease Control and Prevention, the STD syphilis decreased in the United States through the 1990s, then climbed 19% from 2000 to 2003 to about 7,100 cases. The CDC attributed the spike to a twelve-fold rise in cases among gay and bisexual men, many of whom are also infected with the AIDS virus.  
Mutant syphilis strain resists common cure.  
<http://www.cnn.com/2004/health/07/08/syphilis.resistance.ap/index.html>. 8 July, 2004.
- The number of teens having sex has declined by 16% over the last decade  
Centers for Disease Control and Prevention. November 2004. [www.cdc.gov](http://www.cdc.gov)
- The abstinence education program Choosing the Best is 47% more effective at delaying a teen’s first sexual encounter than condom-promoting sex education programs  
Centers for Disease Control and Prevention. November 2004. [www.cdc.gov](http://www.cdc.gov)
- While research indicates 84% of parents don’t think their teens are sexually active, 50% of high schoolers are  
U.S. Census Bureau. [www.census.gov](http://www.census.gov). October 2004.
- 58 percent of females and 40% of males ages 13–19 say they up their confidence level by changing their appearance  
USA Today Snapshots, Rebecca Johnson and Alejandro Gonzalez. 21 October, 2004.
- There are 40,000 new HIV cases each year and as many as 950,000 people living with HIV/AIDS  
Study: Pattern of HIV infections shows blacks bearing the brunt, Steve Sternberg. USA Today, 2 December, 2004.
- Sexual activity is responsible for four out of the five most commonly reported infectious diseases in the USA  
USA Today Snapshots, Cristina Abello and Suzy Parker. 9 December, 2004.
- Among boys 15–17, virginity rates rose from 57% in 1995 to 69% in 2004. For girls the same age, virginity was up from 62% to 70%.  
Centers for Disease Control and Prevention. [www.cdc.gov](http://www.cdc.gov). December 2004.
- Girls see over 400 advertisements per day telling them how they should look  
Centers for Disease Control and Prevention. [www.cdc.gov](http://www.cdc.gov)
- Human Papilloma Virus (HPV) is the most common STD transmitted today by skin-to-skin contact  
Promiscuous Plague, Karen Testerman. The World & I, March 2004.
- 80 percent of women who choose to parent while they are teens will live at the poverty level for 10

## Statistics

years or more

Promiscuous Plague, Karen Testerman. The World & I, March 2004.

- A girl is four times more likely to contract an STD than to become pregnant

Promiscuous Plague, Karen Testerman. The World & I, March 2004.

- A young mother today has had on average 2.3 STDs

Promiscuous Plague, Karen Testerman. The World & I, March 2004.

- Adolescents who take virginity pledges:

- Are less likely to experience teen pregnancy;

- Are less likely to be sexually active while in high school and as young adults;

- Are less likely to give birth as teens or young adults;

- Are less likely to give birth out of wedlock;

- Are less likely to engage in risky unprotected sex; and

- Will have fewer sexual partners

Teens Who Make Virginity Pledges Have Substantially Improved Life Outcomes, Robert Rector, Kirk Johnson, and Jennifer Marshall. The Heritage Foundation, 21 September 2004.

- The decade's 33% drop in teenage pregnancy can be attributed to sexual abstinence (53%) and improved contraceptive use (47%)

Journal of Adolescent Health, Centers for Disease Control and Prevention. August, 2004.

www.teenpregnancy.org.

- In 2002, about 47% of female teenagers (4.6 million), and about 46% of male teenagers (4.7 million) had had sexual intercourse at least once

Teenagers in the United States: Sexual Activity, Contraceptive Use, and Childbearing, 2002. U.S.

Department of Health and Human Services, CDC. December 2004.

- The percent of never-married males aged 15–19 who ever had sexual intercourse declined significantly between 1995 and 2002, from 55 to 46 percent

Teenagers in the United States: Sexual Activity, Contraceptive Use, and Childbearing, 2002. U.S.

Department of Health and Human Services, CDC. December 2004.

- Among the 5.5 million male and 5.2 million female teens who had not yet had sex, the main reasons for not having sex was that it was “against religion or morals”

Teenagers in the United States: Sexual Activity, Contraceptive Use, and Childbearing, 2002. U.S.

Department of Health and Human Services, CDC. December 2004.

- In 2002, 30% of female teens aged 15–17 and 31% of male teens this age range had had sex, down from 38% and 43% respectively

Teenagers in the United States: Sexual Activity, Contraceptive Use, and Childbearing, 2002. U.S.

Department of Health and Human Services, CDC. December 2004.

- About 11% of males and 13% of females have taken virginity pledges

Teenagers in the United States: Sexual Activity, Contraceptive Use, and Childbearing, 2002. U.S.

Department of Health and Human Services, CDC. December 2004.

- 96 percent of kids have gone online; 74% having access at home and 61% use the Internet on a typical day

Kids stay connected, USA Today Snapshots. 5 January, 2004.

- A study from The Journal of the American Medical Association that enrolled 2,117 teenage girls and women ages 15–24 revealed that those who received emergency contraceptive pills in advance were nearly twice as likely to use them as other participants

Study: Sex habits unchanged by emergency pill. USA Today. 5 January, 2005.

- Nearly 3 in 10 (27%) 13–16 year olds are sexually active

Nearly 3 in 10 young teens ‘sexually active.’ NBC News, PEOPLE Magazine Poll, 19 January 2005.

- 77% of teens would classify oral sex as “sex,” while 43% say oral sex is not seen as being as big a deal as sexual intercourse

Nearly 3 in 10 young teens ‘sexually active.’ NBC News, PEOPLE Magazine Poll, 19 January 2005.

- Nine in 10 teens who have had oral sex say they know an STD can be spread through oral sex, but only 3 in 10 always use protection when they have oral sex

Nearly 3 in 10 young teens ‘sexually active.’ NBC News, PEOPLE Magazine Poll, 19 January 2005.

- Roughly half of young teens who have had oral sex or sexual intercourse have been involved in a casual relationship; 67 percent of those that have engaged in casual relationships often do so “to satisfy a sexual desire”

## Statistics

Nearly 3 in 10 young teens 'sexually active.' NBC News, PEOPLE Magazine Poll, 19 January 2005.

- While both parents and teens report talking to each other about sex and relationships, there appears to be a disconnect: twice as many parents than teens maintain these conversations happen often (85% to 41%)

Nearly 3 in 10 young teens 'sexually active.' NBC News, PEOPLE Magazine Poll, 19 January 2005.

- While 27% of teens report having been sexually intimate, only about half of their parents (15%) believed their teens have gone beyond kissing

Nearly 3 in 10 young teens 'sexually active.' NBC News, PEOPLE Magazine Poll, 19 January 2005.

- According to the Centers for Disease Control and Prevention, there are 40,000 new HIV infections each year

CDC widens access to preventive HIV drugs, Anita Manning. USA Today, 21 January, 2005.

- The first "map" of teen sexual behavior has found a chain of 288 one-to-one sexual relationships at a high school in the U.S. Midwest, meaning the teenager at the end of the chain may have had direct sexual contact with only one person, but indirect contact with 286 others

Sex Map Shows Chain of Almost 300 High School Lovers, Maggie Fox. Reuters, 24 January, 2005.

### Marriage and Family

- 83 percent of 86 surveyed married people do not see electronic "dates" as cheating

No Mystery Left: Is the Easy Availability of Online Porn Leaving Kids Too Sex-Savvy? www.abcnews.com. 18 October, 2003.

- 47.78 percent of families said pornography is a problem in their home

Focus on the Family Poll, 1 October, 2003.

- 75.5 percent of surveyed adults said it was okay to visit an adult web site, while 79.7% said it was okay for a significant other to reply to an unsolicited instant message or chat with a stranger of the opposite sex

'My Wife doesn't care' if I fool around online, Leslie Miller. USA Today, 10 July, 2000.

- 65 to 85 percent of men and 80% of women said they were monogamous in marriage

What We Know About Sex, Jennifer Mendelsohn. USA Weekend, The Cincinnati Enquirer, 7 November, 2003.

- Half of unmarried men ages 20-29 said they would have sex without any interest in marriage

Why Men Won't Commit: Exploring Young Men's Attitudes About Sex, Dating and Marriage, Barbara Dafoe Whitehead and David Popenoe. The National Marriage Project, 2002.

- In the 1990's, more than half of the brides had already lived together with a boyfriend

National Marriage Project: Cohabitation Report, Barbara Dafoe Whitehead and David Popenoe, 1999.

- 957,200 divorces and 2,355,005 marriages took place in 2000, making the divorce rate 40%

The Divorce Rate, The National Center for Health Statistics. www.divorcereform.org, 2000.

- There were 11.72 million single parents in 2002

U.S. Divorce Statistics. www.divorcemag.com, 2002.

- 74 percent of men try to postpone sex if the relationship has long-term potential

Why Men Won't Commit: Exploring Young Men's Attitudes About Sex, Dating and Marriage, Barbara Dafoe Whitehead and David Popenoe. The National Marriage Project, 2002.

- Among married men, 63% grew up in two-parent homes versus 37% in non-traditional families

Men from traditional homes are more the 'marrying kind,' Marilyn Elias. USA Today, 23 June, 2004.

- 94 percent of married men say they are happier being married than being single

Men from traditional homes are more the 'marrying kind,' Marilyn Elias. USA Today, 23 June, 2004.

- 36 percent of unmarried men agree that 'single men have better sex lives than married men.'

Men from traditional homes are more the 'marrying kind,' Marilyn Elias. USA Today, 23 June, 2004.

- 60 percent of adults believe it is 'morally acceptable' to cohabitate, while 50% of born-again Christians believe it is 'morally acceptable' to cohabitate

Morality Continues to Decay. Barna Research Group, 3 November, 2003.

- 42 percent of adults believe it is 'morally acceptable' to have a sexual relationship with someone of the opposite sex to whom you are not married

Morality Continues to Decay. Barna Research Group, 3 November, 2003.

- Married couples with children make up just 24% of households in 2000, down from 40% in 1970, and expected to sink to 20% by 2010.

Teens' Marriage Views Reflect Changing Norms, Linda Lyons. The Gallup Organization, 18 November, 2003.

## Statistics

- 36 percent of adults view sex between unmarried people morally wrong  
USA Today Snapshots, Julia Neyman and Bob Laird. 13 September, 2004.
- 91 percent of adults view polygamy and affairs outside of marriage morally wrong  
USA Today Snapshots, Julia Neyman and Bob Laird. 13 September, 2004.
- Married people are healthier than other adults  
National Center for Health Statistics. www.cdc.gov/nchs. December 2004.
- Half of Americans 45 or older say they are somewhat religious; 20% cite their most satisfying spiritual experience is prayer, 19% say living a good life, 19% say helping others, 13% say being with family, and 10% say attending religious services.  
Prayer most pleasing, USA Today Snapshots. 10 January, 2005.
- The decline in the proportion of family groups with children that were married-couple families leveled off during the mid-1990s, at about 68% from 1996 to 2003 due to declining divorce rates and reduced non-marital fertility, especially among teens.  
America's Families and Living Arrangements: 2003. U.S. Department of Commerce, U.S. Census Bureau. November 2004.
- 81 percent of all households in 1970 were family households, but the proportion dropped to 68% by 2003.  
America's Families and Living Arrangements: 2003. U.S. Department of Commerce, U.S. Census Bureau. November 2004.
- Single-mother families increased from 3 million in 1970 to 10 million in 2003, while the number of single-father families grew from less than 500,000 to 2 million.  
America's Families and Living Arrangements: 2003. U.S. Department of Commerce, U.S. Census Bureau. November 2004.
- In 1970, the median age at first marriage was 20.8 years for women and 23.2 years for men. By 2003, these ages had risen to 25.3 years and 27.1 years, respectively.  
America's Families and Living Arrangements: 2003. U.S. Department of Commerce, U.S. Census Bureau. November 2004.
- In 2003, 9.2 million men and women lived together in 4.6 million unmarried-partner households.  
America's Families and Living Arrangements: 2003. U.S. Department of Commerce, U.S. Census Bureau. November 2004.
- Up to 20% of couples now report having sex no more than 10 times a year, qualifying them for what experts call "sexless marriages"  
I Love Them, I Love Him Not, Judith Warner. The New York Times, 14 February, 2005.
- Children are a growing "impediment" to a happy marriage  
The State of Our Unions, Rutgers University. The National Marriage Project, June 2004.
- Fewer children are growing up with happily married parents today than one generation ago. From 1973 to 1976, 51% of children under the age of 18 were living in a household in which the parents' marriage was rated as "very happy." From 1997 to 2002, only 37% were so fortunate.  
The State of Our Unions, Rutgers University. The National Marriage Project, June 2004.
- Portrayals of Sex in the Media
- 75 percent of prime time television in the 1999-2000 season included sexual content  
Sex on TV: Content and Context. The Kaiser Family Foundation, 5 February, 2001.
- 23 percent of couples in scenes with intercourse appeared to be ages 18-24  
Your Children & Pornography: A guide for Parents, Tom Buford. Tommera Press, 2001.
- Movies have an 87% likelihood of presenting sexual material  
Sex on TV: Content and Context. The Kaiser Family Foundation, 5 February, 2001.
- The average American adolescent will view nearly 14,000 sexual references per year  
Sexuality, Contraception, and the Media. American Academy of Pediatrics Committee on Public Education, January, 2001.
- Premarital sex is referred to two or three times every hour in soap operas  
Teens and Sex, Paul A. Gore, Ph.D. University of Missouri-Kansas City. www.umkc.edu, 22 April, 1998.
- More than 3 out of 4 Americans say the way television programs show sex encourages irresponsible sexual behavior  
Teens, Sex, & the Media. www.mediascope.org, 15 March, 2000.
- 12-17 year old young men are most susceptible and vulnerable to mass media sexual portrayals  
Pornography: A review of scientific literature, Stan E. Weed, Ph.D. 17 October, 1997.

Teens, Sex, & the Media. Media Scope. 2001.
  - Teens ages 13–15 rank entertainment media as the top source of information about sexuality and sexual health  
Teens, Sex, & the Media. Media Scope. 2001.
  - 59 percent of parents say their 4–6 year-old boys imitate aggressive behavior from television  
Zero to Six: Electronic Media in the Lives of Infants, Toddlers and Preschoolers. Kaiser Family Foundation, 28 October, 2003.
  - Teenagers who watch a lot of television with sexual content are twice as likely to engage in intercourse than those who watch few such programs according to a study headed by the RAND Corp. and funded by the National Institute of Child Health and Human Development  
Study links TV to teen sexual activity. [www.cnn.com/2004/HEALTH/09/07/tv.teen.sex.reut/index.html](http://www.cnn.com/2004/HEALTH/09/07/tv.teen.sex.reut/index.html). 7 September, 2004.
  - 60 percent of parents say they are "very" concerned about the amount of sex their children are exposed to on television  
Parents Favor New Limits on TV Content in Early Evening Hours. Kaiser Family Foundation. 23 September, 2004.
  - 63 percent of parents favor new regulations to limit the amount of sex and violence in TV shows during the early evening hours when children are most likely to be watching  
Parents Favor New Limits on TV Content in Early Evening Hours. Kaiser Family Foundation. 23 September, 2004.
- ### Sexually Oriented Businesses (SOB)
- Sex offenses are 506% greater in Phoenix, Arizona areas where SOBs are located  
Warning: What you risk by using pornography. National Coalition for the Protection of Children & Families.
  - There are more than 2,400 strip clubs in the United States; annual revenue at some clubs is as high as \$8 million  
Stop Pretending, Candi Dushman. World Magazine, 5 August, 2000.
  - Annual rentals and sales of adult videos and DVDs top \$4 billion  
The Actress, the Producer, and Their Porn Revolution, Ralph Frammolino and P.J. Huffstutter. Las Angeles Times Magazine, 6 January, 2002.
  - 90 percent of surveyed real estate professionals in Los Angeles believe market value of homes would decrease by 20% when located near concentrated SOBs  
Partnering with the Business Community to Fight Sexually Oriented Businesses. American Family Association. [www.afa.net](http://www.afa.net).
  - 75 percent of women working at SOBs in Memphis, Tennessee have at least one STD  
Sexually Oriented Businesses: A View Inside, Carolyn McKenzie. Proponent Testimony S.B. 251, Ohio State Judiciary Committee on Civil Justice, 3 December, 2002.
- ### Entertainment, Technology and Advertising
- Fewer than 1 in 10 teenagers believe that music piracy is morally wrong

## Statistics

The Barna Group, 26 April, 2004. <http://www.barna.org/FlexPage.aspx?Page=BarnaUpdate&BarnaUpdateID=162>.

- Sexual content (pornography) over cell phones will generate over \$1.5 billion in Western Europe, as the Vodafone Group introduces and provides “risqué” content to customers’ phones  
In Europe, Cell Phone Profits Go Up as Clothes Come Off, Jennifer L. Schenker. The New York Times, 4 May, 2004.
- DVD player from RCA allows parents to filter movie content deemed objectionable in four categories: violence, sex and nudity, language and other  
DVD players filter movies for content, Gary Gentile. The Cincinnati Enquirer, 19 April, 2004.
- Marketers are abstaining from sex as sales tool due to the after-shock of the Super Bowl half-time show; Anheuser-Busch, Victoria’s Secret and Abercrombie & Fitch are among the companies who are dropping risqué advertising  
Risqué may be too risky for ads, Bruce Horovitz. USA Today, 16 April, 2004.
- Carl’s, Jr. adopts Hugh Hefner as a representative for the hamburger chain, claiming, “as a pop-icon, Hefner appeals to our target audience and credibly communicates our message of variety.”  
Christian Broadcaster Blasts Carl’s, Jr. for Ad’s Sexual Innuendo, James L. Lambert. American Family Association, November 2003.
- 66 percent of Americans support an a la carte cable pricing, giving families the power to pay for only the channels they choose  
Poll adds to push for a la carte cable pricing, Michael McCarthy. USA Today, 5 May, 2004.
- ClearPlay created a new \$70 DVD player (available at Wal-Mart) that has built-in filters designed to skip over violence and nudity and to mute salty language in 100 movies; more than 600 titles are available for download  
Hollywood riled up over ClearPlay, Mike Snider. USA Today, 6 May, 2004.
- ‘Young people are sexualized at an earlier and earlier age...Stars like Britney Spears and Christina Aguilera have long been criticized for exploiting their sexuality for profit. The next generation can already be seen emulating its older sisters - literally.’  
Mini-Britneys. The Washington Times, 3-9 May, 2004.
- “Senate agreed to boost maximum fine for broadcasters airing offensive shows to \$275,000 per incident from \$32,500, to a maximum of \$3 million a day.”  
Increased indecency fines pass Senate, Paul Davidson. USA Today, 23 June, 2004.
- MTV plans to launch a network devoted entirely to its gay, lesbian, bisexual and transgender audience in February, 2005. The network is to be named LOGO.  
MTV plans network aimed at gay viewers, Michael McCarthy. USA Today, 26 May, 2004.
- “Men’s magazine Maxim plans to announce a deal with Sirius Satellite Radio today to launch a ‘Maxim Radio’ network this fall.”  
Satellite radio to tune in ‘Maxim,’ Michael McCarthy. USA Today, 7 June, 2004.
- Of 118 “M” (mature) rated games, 70% were targeted to children under 17 years of age  
Federal Trade Commission, 2000.
- Unaccompanied children, ages 13 to 16, were able to buy “M” rated video games 85% of the time  
Federal Trade Commission, 2000.
- Animated films rated G by the Motion Picture Association of America (MPAA) received a significantly higher content-based score for violence on average than non-animated films rated G.  
Violence, Sex, and Profanity in Films: Correlation of Movie Ratings With Content, Kimberly M. Thompson, ScD and Fumie Yokota, PhD. Medscape General Medicine, 12 July, 2004.
- Age-based ratings alone do not provide good information about the depiction of violence, sex, profanity, and other content, and the criteria for rating movies has become less stringent over the last decade.  
Violence, Sex, and Profanity in Films: Correlation of Movie Ratings With Content, Kimberly M. Thompson, ScD and Fumie Yokota, PhD. Medscape General Medicine, 12 July, 2004.
- The MPAA tolerates increasingly more extreme content in any given age-based rating category over time; there has been a significant increase over years in violence, sex and profanity in PG, PG-13, and R-rated films. These data suggest that the MPAA applied increasingly more lenient criteria for its age-based ratings as a function of time over the last decade.  
Violence, Sex, and Profanity in Films: Correlation of Movie Ratings With Content, Kimberly M. Thompson, ScD and Fumie Yokota, PhD. Medscape General Medicine, 12 July, 2004.
